GRÜNER VELTLINER OBERE STEILTERRASSEN

A Grüner Veltliner icon almost unrivalled in its energy and richness. The golden-yellow berries of the Obere Steilterrassen are carefully hand-selected in late autumn when there are only a few grapes left on the vines in the Wachau. You won't find a more concentrated Grüner Veltliner!

"Light yellow-green, silver reflections. Nuances of ripe apricots on a bed of yellow pome fruit with a gentle whisper of orange zests. Juicy, extract-sweet texture, a hint of pear and honeydew melon, fine acidity structure, elegant and adherent, ready to drink now." ~ Falstaff Guide 2021

GRÜNER VELTLINER STEILTERRASSEN

The "little brother" of the Obere Steilterrassen is bursting with power and expressiveness. Harvested somewhat earlier, it has a slightly lower alcohol content and its vibrant acidity renders it both elegant and unbelievably harmonious despite its concentration.

"Medium yellow-green, silver reflections. Fine meadow herbs, hints of yellow stone fruit, tobacco spice, notes of fresh pear, inviting bouquet. Complex, full-bodied, ripe yellow apple, fine acidity structure, dark mineral tones, delicate blossom honey on the finish, good development potential." ~ Falstaff Guide 2021
